Pathway to Play!
Be a part of it

"Play is often talked about as if it were relief from serious learning. But for children, play is serious learning."
— Mr. Rogers

Coming Summer 2021

The Day School is raising funds for a new playground! Can you believe our current playground is over 35 years old? The need for a new playground has been a dream for many years and it is now time to make that dream a reality! Please consider helping to ensure a safe and fun playspace for kids for years to come!

Come together . . .

Please come and support the effort to replace our aging playground. Why? The current playground is over 30 years old and showing its age – some parts are broken or missing and some areas aren't up to current safety standards. It needs replacing with new modern, versatile, long-lasting activity structures that promote creative and imaginative play.

Besides being a "school" playground, the space is open to the entire community, making it a destination for all in the neighborhood. This is an opportunity for our community to come together and create a vibrant and safe place for children to play.

Work together . . .

Goal: $100,000 by June 1, 2021

Remember that it isn't just the school and students that benefit from this new playground – it is open to the entire community and accessible to all in our neighborhood and beyond. We all benefit from this project!

Play together . . .

Thank you for considering a donation to our fundraising campaign – any and all donations are welcome and very much appreciated. We can't wait to play!

Children need the freedom and time to play.
Play is not a luxury. Play is a necessity. - Jamison
